2 YEAR TRAINING PLAN

Our goal is to “**Trek, Train, and Launch Missional believers who share Christ & make disciples among the unreached**”. Personally discipling & immersing each student to become biblically sound and Gospel-centered is critical to that process. We believe Jesus’ model of discipleship that is life-on-life, while being immersed in experience, and done in the context of biblical community, is the best way for that to happen.

In addition to the training grid below, students will have access to language training through an online resource similar to Rosetta Stone, called Mango Languages, where students can choose from 70+ languages. This can be done through your laptop, tablet, or smart phone as well. Students will learn through this online resource during years 1 & 2, and through cultural immersion during years 3 & 4.

The training topics are not academic. Each topic is delivered relationally by one of our staff members or Field Reps or guest speakers. Each person is placed within 2 circles of discipleship during their first two years in order to maintain the integrity of true discipleship and give everyone a voice.

1. **AD** - the Area Director is in charge of our ministry in each city. All local staff, Field Reps, and Xers will do ministry under their leadership. The AD has the final say on all matters and is there to build you, encourage you, and insure your training as a missional student.
2. **TRAINING HUB** - you are a part of the overall coed team of Field Reps and Trek-Xers who are training full-time among the unreached for the purpose of being launched to the unreached. Within each HUB, every Field Rep and Xer is held accountable by the group, and each person is challenged to find another team member of the same gender and meet weekly for prayer and personal accountability. When you are placed overseas for your last 2 years, you will be assigned to a location where the leadership structure is similar to what you’ve experienced in the US, but your weekly schedule will be determined by your local leadership. All MobStu personnel will serve overseas alongside career missionaries within the IMB or TEAM, two of our partnering organizations.

MOBSTU TRAINING STRATEGY

Field Reps

TREK-X

This training continuum shows the strategy we use to attract lost people, identify those who are people of peace, disciple them, connect them with national believers and see them grow in their relationship with Christ as a part of the body of Christ. This is the strategy broken down into a linear process and each person plays a specific role within the process.

Trek-Xers use their energy and excitement to attract and identify, while Field Reps focus on discipling and connecting people of peace. The separate, yet connected roles of Trek-Xers and Field Reps allows each person to perfect their part in the process, accelerating our efforts to share Christ & make disciples among the unreached.

- * RED = mandatory for Field Reps & Trek-Xers; exception are marketplace missionaries
- * Tuesday's are a flex schedule and can be done all throughout the day at the convenience of the FR, Xer, and refugee families.
- * Field Reps follow this schedule year-round
- * Trek-Xers follow this schedule from Sep-Aug, May is off, June & July are spent overseas or in US assignment.

The weekly training schedule is divided into 2 levels of focus...DWELLING & DEVELOPING.

DWELLING

We want you to learn to “DWELL” within a biblical community, your missions team, and alone with Christ. As you can see, each week has 3 DWELL days focused on teaching you how to do that within those 3 primary groups...your team, your accountability group, and alone with Christ.

Mondays

You will DWELL as a team in a prayer time to start our week as your Area Director casts vision for the ministry and the week.

Wednesdays
Fridays

You will DWELL as a team in DBS or what we call Discovery Bible Study. (Team Led)

You will learn to DWELL alone by taking an active Sabbath rest day. This is where you spend time alone with Christ, evaluate your walk, your habits, make corrections, and journal your week.

- Each team takes a couple of mandatory retreats per year to get away and reflect, team build, and just relax. (*hiking, camping, kayaking, road trips/mission trips, day trips, cabins on the lake, etc.*)

DEVELOPING

Each week also has 3 DEVELOP days focused on training you as a young disciple-maker who makes disciples. Most of what you will learn will come from DOING it, but there are also key topics that will be covered, which will be delivered in a variety of ways through your staff or Team Leader, or a guest speaker.

Sundays

You will be DEVELOPED personally by participating in a local church for worship & Bible study.

Tuesdays

You will shadow your Field Rep on home visits with refugees which helps you DEVELOP your cross-cultural evangelism skills and start DBS's among the unreached. These can be done all throughout the day, not just the time slot listed on the schedule. In addition, evening outreach geared toward families & children are encouraged as a way to connect with more families that need to be reached.

Thursdays

You will be DEVELOPED through key training topics delivered in 6 weeks studies by one of our staff, team members, or guest speakers.
